

My Little Talks
with Jesus

Like a child

When I was on earth, I enjoyed spending time with the children I met. I would play with them, tell them stories, and teach them about God. Children are very important to Me!

I like you just as you are! It makes Me happy when you show Me your love and trust Me to take care of you. I'm glad that you have faith in Me, and believe what I tell you. You have a very special place in My heart!

*Being little is pretty great!
God thinks it's a special trait!*
