

My little Talks
with Jesus

**Every day is
special with Me!**

I love to brighten up your days. I like to see you happy and joyful. I enjoy taking an ordinary day and filling it with My joy to make it an extra special day for you.

I always have something to show you through My creation, or a treasure for you to find in My Word. I know some pretty cool things that I want to tell you about. I'm in charge of the sky and all living things above and below. There are many wonders that you can discover about Me and the world around you.

So come sit on My lap and let Me tell you things that can make this an extraordinary day!

*The best days are spent with my Best Friend.
I never want those happy days to end!*
