

A Beautiful World

In the beginning God
created the heavens
and the earth.
(Genesis 1:1 NIV)

There is much beauty
in the natural world
around us. Think
of the magnificent
trees, the beautiful
flowers, the tiny ants,
the soaring birds,
the colorful fish,
and the many other
wonders in our world.
God made it all!
And He also
created us.

Not only did God make our wonderful world, but He made it so that everything would follow a special plan. Think of how a bird will lay an egg and it will hatch into a little chick that cannot fly. That chick will grow and gain strength, till one day it is able to fly. Can you think of other amazing plans that God's has built into His creation?

We can thank God for all that He has created. We can think about the things in nature that we like and tell God how happy we are that He made them a part of this beautiful world we live in.

Action

Collect a couple of leaves, flowers, twigs, and other small plants you can find in your garden. Glue them on to a paper as a reminder of all the wonderful things God created.
