

LEARNING EVERY DAY

THERE IS ALWAYS SOMETHING NEW YOU CAN BE LEARNING. NATURE IS FULL OF INTERESTING ANIMALS AND PLANTS TO WATCH AND LEARN ABOUT. BOOKS CAN HELP YOU LEARN ABOUT MACHINES, ROBOTS, VEHICLES, AND MORE. READING BOOKS IS ONE WAY YOU CAN LEARN ABOUT HOW THINGS WORK. YOU MAY LOVE TO LOOK UP IN THE NIGHT SKY AT THE PLANETS AND MANY STARS. YOU MAY EVEN TRY TO COUNT THE STARS, AND MAYBE YOUR MOM OR DAD WILL TEACH YOU THE NAMES OF SOME OF THE STARS.

WHENEVER YOUR MIND IS CURIOUS ABOUT SOMETHING, USE THAT CURIOSITY TO HELP YOU LEARN SOMETHING NEW. ASK QUESTIONS, READ BOOKS, AND LISTEN CAREFULLY WHEN SOMEONE EXPLAINS SOMETHING NEW TO YOU.

LEARNING IS A WONDERFUL PART OF LIFE. IT'S FUN TO UNDERSTAND HOW AND WHY THINGS WORK AND WHAT THEY ARE USED FOR. TAKE THE TIME TO DISCOVER SOMETHING NEW, AND YOU WILL FIND THERE ARE MANY FASCINATING THINGS IN THE WORLD AROUND YOU.
