

# Growing Through Learning

Learning something new can sometimes seem extra hard. It might take you a lot of effort to remember all that you are being taught. Right now you are still learning how to care for yourself and your things, how to read and write, about God and His Word, and about the world around you. How can you remember everything?

Jesus gave us a little key to this question in the Bible when He told His disciples that “the Helper, the Holy Spirit, whom the Father will send in my name, will teach you all things and remind you of everything that I have told you.”<sup>1</sup> Whenever you are struggling with learning something new, or if all seems like too much, you can ask Jesus to help you remember the things that you are being taught.

Even if something takes a little longer to learn than you would like, remember that you are making progress in many ways through the things you are learning. Your mind is discovering and understanding new and wonderful things that will help you all throughout your life. In time you will get it, so don't get discouraged, and don't give up!
