

# GOD!

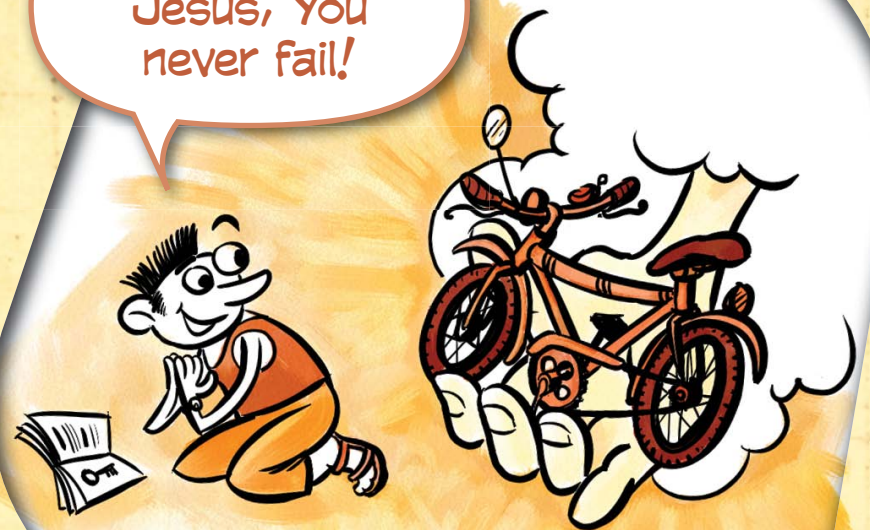

God is in the heavenly realm,  
but He works in the real world.

God deals not only in spiritual  
blessings and rewards, but  
also in tangible, material  
blessings and rewards.

Jesus, I could  
really use a bicycle  
for my errands.

Awesome!  
Jesus, You  
never fail!

God is the God of heaven,  
and also the God of earth.

God transcends both heaven  
and earth. He rules in both, lives  
in both, dominates both, creates  
in both, and has the power to  
provide for us in both currencies.
