

# PRAYER FLOWER

Print the flower parts onto colored paper (or white paper if the children want to color them). Cut flower parts out. Paste the center on a blank piece of white paper, and write the name of a person you want to pray for on this piece. On four of the five petals write one or two words describing something you want to pray for the person. On the fifth petal, put a reference to a Bible promise to claim in prayer. Glue the petals around the center of the flower.

I encourage you to pray for other people.  
(1 Timothy 2:1 *paraphrased*)

Pray for the person: Pray for each request on the petals and claim the Bible promise.

Idea: Prepare a prayer flower for each member of your family to use as a prayer reminder.
