

# Angel's

-God's Police  
Protection

"He shall give His angels charge over  
you, to keep you in all your ways"  
(Psalm 91:11 AKJV).

Although you can't see your guardian  
angel, you can be assured an angel is  
there because God's Word tells us so.

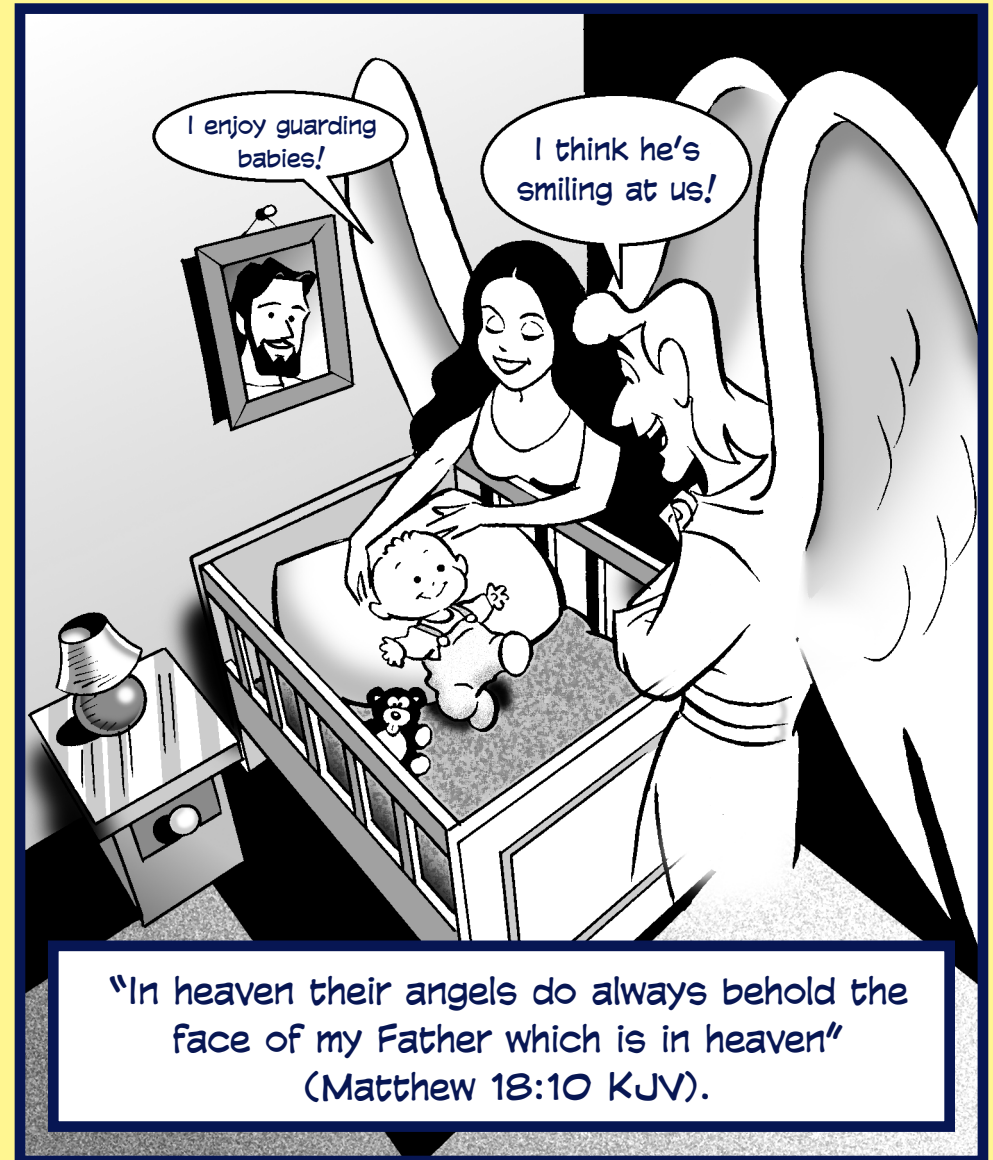

Sometimes when people feel they are in danger of being robbed or hurt by someone, they will ask the police for protection.

God's angels help to guard and protect us.

"The angel of the Lord encamps around those who fear him, and delivers them" (Psalm 34:7 ESV).

Remember to thank God for your guardian angels and to listen to them as they whisper to your conscience. They want to help keep you safe!
