

Your Ever-Caring Angels (Coloring Page)

A message from Jesus:

I enjoy watching you while you sleep and interacting with your angels who faithfully watch over you and protect you.

I'm happy with how you've been obeying your parents and teachers, and also with how you are listening to your guardian angels as they whisper to your conscience. When you follow their counsel, it makes it much easier for My angels to protect you.

The angels watching over you love you very much and count it an honor to spend time guarding and caring for you, as well as guiding you to make the right choices.
They are a gift of love from Me to you!

“For he shall give his angels charge over you, to keep you in all your ways” (Psalm 91:11 AKJV).
