

Faith that Grows and Grows

Faith comes by hearing the
word of God. (Romans 10:17,
paraphrased)

God wants us to learn to trust Him. But sometimes it can be hard to trust when we do not know what is going to happen.

The Bible says that our faith will grow as we read and study God's Word. When we read the Bible we learn of the many times that God did amazing things for those who trusted in Him and believed His promises.

We can experience miracles too! God's promises are true. If we study what God has said about His love and care for us, then we can trust and believe that God will take care of us and provide for us. He loves to answer our prayers and show us that He is a loving and caring God.

The more we study God's Word, the stronger our faith in God grows.

Action

Can you think of a story in the Bible where a miracle took place because someone had faith in God's mighty power?
