

A Dream of Heavenly Fishing

I once dreamed that I visited an amazing heavenly place. In the dream, I was with some friends in a beautiful forest, far prettier than any place I've ever seen.

During my visit to this forest, I observed some people enjoying a unique type of fishing I had never seen before. They were throwing their lines up in the air instead of into a body of water. That's because the fish they were catching weren't in lakes or rivers, but instead were swimming through the air. As the fish swam by, occasionally one would bite a small ball at the end of a fishing line and let the fishermen reel it in.

Both the fishermen and the fish were having fun. After reeling a fish in, the fishermen would tickle the fish under the chin to make it let go of the ball, and would then toss the fish back up in the air, and off the fish swam.

I asked the fishermen if I could join them, and they directed me to a kiosk where I could get a fishing pole. While discussing fishing with the attendant, he offered to instead teach me how to fly-fish in a nearby river, something I was also eager to learn to do. I quickly learned to fly-fish on my own. It surprised me how quickly I learned, because fly-fishing is a skill that usually takes a lot of practice. It seems that in this heavenly atmosphere I had the ability to learn more quickly. It was fantastic and so much fun!

He gave me a little ball for communicating, so that I could contact him if I needed further assistance. And that was the end of my dream.

I enjoy imagining what our future life with Jesus will be like. We don't know the details about what our lives will be like after we pass on from this current life, but we do know that we will live on and be with Jesus in a world of great beauty and happiness!

There is a wonderful future to look forward to!

Jesus told us, "In my Father's house are many places to live, and I am going there to prepare a place for you to live also" (John 14:2, *paraphrased*).
