

ALONE WITH JESUS

Jesus, please take me somewhere quiet, somewhere that I can be alone with You. Even though there are other people around, I'm closing my eyes now. Help me to picture a beautiful place that I can be with You.

Oh yes, I like this place. It's perfect! And now I can sit here and think about You and all the good and wonderful things You do for me, and I can give You whatever is on my mind and know that You'll take the best care of it.

After that, I just want to sit quietly, as I lay my head on Your strong arm. It's so comforting to be in Your presence, and to know that when I'm with You everything is going to be okay.
