

Tree House

A Message from Jesus

Use this activity to “[Build Your Own 3D Paper Heavenly Tree House](#).” When it’s complete, place it where you can see it and be reminded of the wonders of Heaven that await you.

I want to show you one of the tree houses here in heaven. The tree itself is *immense*, which makes it just perfect for the tree house I have created. There are many different rooms and levels to explore, and lots of little secret hideaways and places where no one would ever find you or even know that you were there.

That’s where I want to take you now, through this tree house to a special spot that suits your fancy. Follow Me through the passageways of the tree house. We come to a rope ladder and climb up to another level. Then we swing on a rope from one room to the next. We walk around the edge of the tree house on a narrow balcony and then up a flight of stairs.

We’re almost there. I open the door in front of you, and you find yourself in a room at the pinnacle of the tree house. You stop to gaze at all that surrounds you.

You are up as high as a falcon that glides by. And like the falcon, you see an incredible view of rolling hills in the distance, a small river flowing nearby, and wild horses grazing in the fields not far from you. *Perfect*, you think.

Now go back to exploring the tree house because there are plenty more rooms and surprises to discover!
